OWNER

### COMPANY BIO

ACAPULCO DESIGN presents premium lounge and outdoor furniture and craftsmanship in their unbroken vitality. In addition to the legendary lounge chair Acapulco Chair from the 1950s, managing director Benjamin Caja has expanded the range with new models that interpret the original design in a contemporary way: The collection – expanded by designs from former Konstantin Grcic designer Olivia Herms – includes dining and low tables that echo the filigree geometry of the Acapulco Chair. New additions like the hanging chair “El Colgante” and XL seat cushions bring even more comfort and lightness – created for places of encounter and joy of life.

In addition to these collections, ACAPULCO DESIGN offers bespoke solutions for hospitality and interior projects.

Whether you are furnishing a boutique hotel, a restaurant terrace or a private resort, we create \*custom-made furniture\* tailored to your vision – including \*dining chairs, sun loungers, dining tables, lounge sofas, up holstery and many things more\*. Every piece reflects our dedication to craftsmanship, comfort and authentic design, made by hand with passion and precision.

Authenticity, quality and sustainable production are particularly important to the company, which was founded in 2015: That is why managing director Benjamin Caja is personally involved in all production steps in Mexico City and ensures fair conditions for all manufacturers, workers and suppliers involved.

### PRODUCT RANGE AND SERVICES

- Original Acapulco Chairs
- Lounge Chairs & Design Lounge Chairs
- Hanging Chairs
- Dining Chairs & Tables

### COMPANY BIO

ADA Cosmetics is a global leader in hotel cosmetics. For more than 45 years, the company has been innovating, developing, and producing high-end personal care products and dispensing systems for hotels, cruise ships, and airlines. Serving over 30,000 customers in 115 countries, ADA Cosmetics operates its own state-of-the-art manufacturing facilities in Europe and APAC.

With a diverse portfolio of more than thirty brands – ranging from luxury and boutique-style collections to international designer names and certified natural cosmetics – ADA Cosmetics offers tailor-made solutions for every hospitality concept. Through the ADA Atelier, customers can even create their own personalized, bespoke range.

At the forefront of innovation, ADA Cosmetics has revolutionized the industry with the ADA Cosmetics Refillution – the world's only regulatory compliant refill system for hotel cosmetics through full traceability.

Sustainability is deeply embedded in ADA Cosmetics' DNA. The ISO 14001-certified company is the only hotel amenities manufacturer worldwide whose core product range is Cradle to Cradle Certified® Full Scope Silver. In addition, ADA Cosmetics has been awarded the EcoVadis Gold Medal, placing it among the top 5% of the most sustainable companies globally.

Europe's leading supplier of branded hotel cosmetics, ADA Cosmetics is headquartered in Kehl, Germany, and employs around 700 people from 30 nations across 16 locations in Europe, the Middle East, Asia, and the USA.

### PRODUCT RANGE AND SERVICES

ADA Cosmetics offers the world's most comprehensive range of hotel cosmetics, combining skincare expertise with innovative dispenser technologies and sustainable design. At the heart of its portfolio is the ADA Cosmetics Refillution – the world's only regulatory compliant refill system with full traceability, ensuring maximum hygiene and sustainability. With over thirty brands under its House of Brands and bespoke creations through the ADA Atelier, ADA Cosmetics provides tailored solutions that elevate guest experiences and help hotels achieve their sustainability goals.

### COMPANY BIO

Since 1935, Anglepoise has been a pioneer in lighting design, known for crafting innovative, spring-balanced lamps that combine form with flawless function. The design was invented by British engineer George Carwardine, and our brand began with the invention of a task lamp that moved like the human arm – a breakthrough that forever changed how people interact with light.

Headquartered in Denmead, UK, with warehouse facilities in UK, USA, Asia and Europe, the Anglepoise lamps have lit the desks of designers, the walls of museums, hotels, and the homes of creative thinkers around the world for 90 years.

### PRODUCT RANGE AND SERVICES

Our decorative lighting range consist in Wall Lights, Desk Lamps, Table Lamps, Floor lamps, and Ceiling pendants.

Our lamps have ultimate flexibility and ease of use, allied with Iconic Design and great price point. Custom colour and design are possible for large projects.

## COMPANY BIO

- Aznar Textil is a Spanish manufacturer of decorative and technical fabrics for hospitality and interior design, exporting to more than 85 countries. Founded in 1881, the company blends tradition and innovation to create sustainable fabrics that combine beauty, performance, and durability. All fabrics are made in Spain under ISO 9001 quality controls and certified by leading international FR standards (NFPA, Class1, M1, Classe Uno, IMO).
- Its extensive collection includes flame-retardant (FR), acoustic, blackout, dimout, thermal, curtain, sheer, and outdoor fabrics – OEKO-TEX Standard 100 and Global Recycled Standard (GRS) certified. Aznar Textil ensures that every fabric is safe, traceable, and free from harmful substances, with many made using recycled fibres.
- With its in-house design studio and R&D team, the company develops exclusive colours, designs, and innovative technical textiles tailored to each project. Recognized for reliability, creativity, and sustainability, Aznar Textil is the trusted European partner for hotel brands, FF&E specialists, and interior designers worldwide.

## PRODUCT RANGE AND SERVICES

- Aznar Textil designs and manufactures high-performance decorative fabrics for hotels, restaurants, cruise ships, outdoor areas, and public spaces. The range includes FR blackouts, dimouts, sheers, acoustic, thermal, and outdoor fabrics – all tested and certified according to international standards (Class 1, NFPA, M1, Classe Uno, IMO) and sustainability labels (OEKO-TEX, GRS).
- The company offers in-house design, colour customization, and technical textile development to deliver tailor-made solutions with fast service and consistent quality.

## PRODUCT CATEGORY

- Decorative and technical fabrics for hospitality and interior design: flame-retardant (FR), acoustic, blackout, dimout, thermal, curtain, sheer, and outdoor fabrics.

**COMPANY BIO**

BULL & STEIN, a Brazilian-German collaboration, was founded in São Paulo in 2002 by Cynthia Stein and Marcus Bull. For more than two decades, the company has enjoyed international success in the creation and distribution of premium, oversized fruit sculptures. Shortly after its global debut, celebrated Brazilian artist and designer Lisa Pappon joined the brand, developing an exclusive range of bold, sculptural fruit forms that has since become synonymous with BULL & STEIN.

Marcus's passion for art and sculpture pairs seamlessly with Lisa Pappon's continual pursuit of innovative forms, techniques and finishes. Together, the BULL & STEIN creative team has introduced an exotic and remarkable collection to discerning audiences around the world.

Dedicated to delivering exceptional concepts in collaboration with renowned decorators, architects and artists worldwide, BULL & STEIN remains a benchmark of authenticity and craftsmanship. The name is a registered trademark, and every genuine piece bears the distinctive BULL & STEIN seal of origin.

**PRODUCT RANGE AND SERVICES**

Oversized sculptural fruit ornaments from diameter 12cm to 200cm (4,7 to 78,7 inch) for indoor or outdoor - apple, pear, cherry, lemon, banana in 5 different materials: frostproof fibre-resin, porcelain, cast-bronze, ceramics, hand-blown glass

---

A little Coney-Island-in-the-1950's? Slim Aaron's meets the modern-day ease-of-use? Call it what you will. Inspired by a love of all things vintage & quality, Business & Pleasure Co. was established by two best friends in the Summer of 2016 amongst frequent Pacific Ocean travels.

We turned the world's best beach umbrella into a stunning soirée of commercial-grade outdoor products for all hospitality settings. Our brand incorporates function & practicality, while paying homage to the days long gone by. Our newest collections carry that spirit forward – with innovative fabrics, and thoughtful details. A reminder of what summer can be: balmy evenings, slow afternoons, and moments that feel timeless in your home, patio, backyard, or by the pool.

### PRODUCT RANGE AND SERVICES

C-Burn Music – The Art of Sonic Branding for Hospitality

C-Burn Music creates immersive sound experiences that shape how guests feel, connect and remember your brand. From luxury hotels and design-led resorts to exclusive residences and lifestyle spaces, we craft bespoke music identities that align perfectly with your brand values and guest journey.

Our team of expert music curators and audio technologists combine deep industry insight with musical expertise to design day-parted playlists and adaptive soundtracks that evolve with your spaces - from serene mornings to vibrant evenings.

C-Burn Music delivers its bespoke curation through a seamless, fully licensed proprietary tech platform, giving operators effortless control and reliable updates across single or multi-property portfolios. We also advise on acoustic design, digital signage, live programming, and brand-wide sonic strategy to ensure every touchpoint sounds as good as it looks.

Trusted by boutique independents and international groups alike, C-Burn Music partners with forward-thinking hotel operators like Soho House Group, Apex, The Hoxton, Iconic Luxury Hotels and Borgo Egnazia to enhance atmosphere, elevate experience and deepen brand resonance through the universal language of music.

Sound that defines your brand. Everywhere

## COMPANY BIO

Nice to meet you. We're Crown International - an OS&E dedicated company that has been established more than 10 years ago in the Netherlands. Having had the pleasure of working with hoteliers and hotelchains in more than 60 countries, we understand the demand from a design as well as from a functional perspective.

In our fast-moving time, a hotel room is more and more getting a place for rest and relaxation. That's why hotel items do not only have to be functional but also individual and comfortable. We believe that great design stands the test of time. It is essential that a given product can last and stay relevant for a longer period- in terms of style and the design itself, and in terms of material, craftsmanship, and quality.

Crown wants to make the difference by creating what others don't. Our products are the keen result of creative inhouse design. We want to convince you with our dynamic creations: unique, innovative and decidedly Dutch!

Our high quality PU leather items, elegant bathroom accessories and charismatic interior items are a perfect welcome asset to each room. They can be playfully combined and give our customers the possibility to realize their own ideas to create individual one-off pieces.

## PRODUCT RANGE AND SERVICES

### COMPANY BIO

Deliverback is a global lost & found solution that helps travelers quickly locate and return items they've forgotten during their trips – without stress, confusion, or endless follow-ups. We work directly with airports, hotels, resorts, and travel operators to streamline the entire recovery and shipping process, providing a seamless digital experience for both businesses and travelers.

Founded with the belief that losing an item shouldn't ruin a trip, Deliverback replaces inefficient manual workflows with a centralized platform where found items can be logged, matched, and shipped anywhere in the world. Travelers simply submit a claim, confirm their item, choose their preferred shipping method, and receive their belongings at home, their hotel, or wherever they need them next.

For partners, Deliverback reduces administrative burden, customer complaints, and operational costs, while improving customer satisfaction and brand loyalty. Our platform integrates easily with existing property and airport systems and is already trusted by leading hospitality brands and international travel hubs.

Whether it's a passport left at hotel reception, a laptop forgotten at airport security, or a favorite jacket left behind on vacation – Deliverback ensures that memories are what travelers take home, not frustration.

### PRODUCT RANGE AND SERVICES

Deliverback provides hotels with a complete, streamlined Lost & Found management solution that simplifies the entire recovery process for both staff and guests. Hotel teams can quickly log found items with photos, match them to guest inquiries, verify ownership, and arrange secure worldwide shipping directly through our platform—eliminating manual tracking, packaging, and courier coordination. By reducing administrative workload and improving the guest experience, Deliverback helps hotels save time, minimize guest frustration, and enhance brand loyalty through fast, reliable item return.

### COMPANY BIO

---

For over six decades, Eleiko has been supplying equipment for World Championships, European Championships, and the Olympic Games in Weightlifting and Powerlifting. Eleiko stands for quality, precision, and performance.

We believe that strength builds healthier, happier people who, together, create a stronger world.

As a professional partner, we understand the demands of the modern hospitality industry. We develop customized concepts for premium fitness areas that enrich your guests' experience.

New opportunities – same passion:

We design elegant "Strength Areas" utilizing our innovative Pretera system. Pretera (Swedish for Performance) is a modular system that integrates free weights, cable machines, and storage solutions—perfectly fitted, aesthetically pleasing, and space-efficient for your facility, while our specialized acoustic flooring options ensure the quiet training environment vital for hotels.

Our products are defined by clean Scandinavian design, premium quality, and sustainability. Durability and comprehensive service ensure your hotel gym meets the highest standards of your guests.

Eleiko - Designed to Perform. Built to Last.

## COMPANY BIO

Gandía Blasco Group is a Mediterranean family company known for its expertise in the design and edition of outdoor & indoor furniture and spaces - more than furniture, a lifestyle - and in the handcrafted creation of designer rugs. The group operates in a diversified way through its three brands: GANDIABLASCO, GAN, and DIABLA, each with its own distinctive personality.

Founded in 1941 by José Gandía Blasco and originally dedicated to the manufacture of yarns and blankets, the company has stood out for a solid trajectory marked by constant reinvention and the promotion of design culture. Today, the company is presided over by José A. Gandía-Blasco Canales, a member of the second generation of the family, followed by his children Álvaro Gandía-Blasco, CEO, and Alejandra Gandía-Blasco, the group's Creative and Communications Director.

With its historical headquarters in Ontinyent (Valencia, Spain) and a presence in more than 75 countries, its main flagship stores are located in New York's Soho Design District and in the hearts of cities such as Madrid, Barcelona, and Paris. The company continues to expand and is constantly experimenting and innovating with renowned international designers and architects such as Kengo Kuma, Nendo, Patricia Urquiola, Raw Edges, Neri & Hu, Francesco Meda, Søren Rose, Fran Silvestre Arquitectos, and others.

Grosfillex - Innovation and Excellence Since 1927

Founded in 1927 in Oyonnax, France, Grosfillex began as a woodturning specialist. Nearly a century later, we are an international group working with resins, metals, and composite materials for diverse markets worldwide.

Our expertise covers outdoor furniture, wall and ceiling cladding, shelters, and more. Today, Grosfillex is a global reference in the furniture industry—combining ambition with innovation and creativity while diversifying its activities. From wall panels to composite tiles, from sun loungers to tables and furniture pieces, we use our know-how to shape modern, high-quality lifestyles.

For over 60 years, Grosfillex has supported professionals worldwide—construction, hospitality, sports venues, local authorities, and interior design. We know you expect excellence, in both product quality and service reliability.

Our values guide everything we do:

- French creation and production
- Sustainability and environmental responsibility
- Innovation and technical expertise
- Availability, flexibility, and commitment

In a fast-changing world, we remain at the forefront—your trusted partner for quality, innovation, and reliability

### PRODUCT RANGE AND SERVICES

#### Outdoor Furniture

Grosfillex offers durable, stylish outdoor furniture—from sun loungers and dining sets to chairs and tables—crafted with innovative materials to withstand all weather conditions. Ideal for hotels, restaurants, resorts, and homes.

#### Spa Furniture

Create relaxing spaces with ergonomic loungers, modular seating, and accessories for pools and spas. Moisture-resistant and easy to maintain for lasting comfort.

#### Wall Cladding

Transform interiors with lightweight, easy-to-install wall and ceiling cladding—even for wet areas like bathrooms and kitchens. Elegant finishes, superior resistance, and low maintenance.

We know kitchens are busy places. That's why we've made food waste management as simple and seamless as possible. KITRO's intelligent automation helps hospitality and food service businesses worldwide cut costs and reduce food waste.

KITRO is present in over 40 countries globally and preferred partner of international hotel groups such as Hyatt, Marriott and Four Seasons.

In 2017, KITRO was founded by two hospitality professionals who had seen too much good food go to waste. They believed kitchens could do better—but they needed the right tools

With a team of engineers, sustainability experts, and chefs, they created KITRO: the world's first fully automated food waste solution, combining AI technology with real human support.

## PRODUCT RANGE AND SERVICES

---

KITRO offers an innovative and fully-automated solution to reduce food waste in the food service and hospitality industry. Using a scale, camera, and artificial intelligence, KITRO seamlessly measures and identifies food waste on-site. Customers receive detailed insights through an intuitive online dashboard and are further supported by our food waste consultants throughout the entire measurement process. This empowers them to refine operations, reduce waste, and cut their annual food costs by 2-8%.

Luups -Tableware for Hospitality

Luups is a Danish company founded in 2021, offering lightweight, reusable trays, bowls, dishes, and plates tailored for professional kitchens in hotels, cruise ships, and canteens. Our products are made from a food-safe plastic composite and are significantly lighter than porcelain—ideal for busy hospitality environments where large volumes of tableware are handled every day.

Designed for repeated use, Luups products are dishwasher-safe, stackable, and built to last. Their ergonomic design improves working conditions in large kitchens by reducing strain on staff, while supporting high operational efficiency.

Our production is guided by circular economy principles. We minimize the use of raw materials and energy through long-lasting design and efficient manufacturing. Looking forward, Luups is developing a return system where worn-out products can be collected and remanufactured into new, non-food-contact items—extending material life and reducing waste.

With customers across Denmark, Norway, Sweden, and Finland—and expansion underway in the UK—Luups delivers practical, scalable solutions that align with the hospitality industry's growing focus on sustainability. With more than 100,000 units produced annually, we support operators who want to make responsible, future-oriented choices without compromising on quality or aesthetics.

## PRODUCT RANGE AND SERVICES

Luups offers a reusable range of bowls, dishes, and trays designed for buffet service in hotels and institutional kitchens. The collection includes varied shapes, sizes, and heights, allowing chefs to build contrast, rhythm, and visual flow across the buffet. All items are lightweight, durable, and dishwasher-safe, and also designed to be stackable and compatible with standard gastronomy systems—ensuring easy handling and integration into existing workflows.

## COMPANY BIO

M7 Polska is a family-run Polish-British company established over twenty years ago, specializing in the organization, production and sourcing of high-quality furniture and interiors for the European and Australasian markets.

We collaborate with over 24 trusted manufacturers from all over Poland to deliver tailor-made solutions for the contract sector, including:

- HoReCa
- Care homes, hospitals and mental health institutions
- Banks and offices
- Shopfittings
- Educational establishments

We have a wealth of experience in both large-scale, premium projects as well as smaller, generic projects. Our focus lies in combining refined craftsmanship with modern functionality. Our manufacturers work with a multitude of different materials; nothing comes as a surprise.

M7 Polska ensures the smooth coordination of your project – from product design and prototyping through to production, logistics and delivery.

We identify the applicable producer for you and can combine production across several producers if required.

We remain engaged every step of the way, to ensure the success of the project and timely delivery.

We are committed to sustainable production practices and long-term partnerships built on trust, flexibility, and attention to detail.

We look forward to working with you.

## PRODUCT RANGE AND SERVICES

M7 Polska offers a curated range of contract furniture and interior solutions for mainly HoReCa and healthcare clientele

- Upholstered furniture
- Cabinetry (bedrooms, dining and living rooms)
- Kitchens
- Custom joinery – wardrobes, wall panels, reception counters, and other bespoke elements.

We provide comprehensive project support, from product design and prototyping to serial production, quality control, and delivery. Our team assists with material selection, technical documentation, and coordination with interior designers and architects.

M7 Polska combines flexibility, craftsmanship, and modern manufacturing to ensure reliable and elegant furnishing solutions for the contract market.

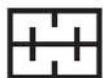

## PRODUCT CATEGORY

- ① Cabinetry, upholstered furniture (including recliners), dining chairs, tables, custom-made joinery, beds, trolleys (to mention but a few)

## COMPANY BIO

Happier Teams, a Stronger Brand and Quality Uniform. Bespoke, data driven uniform design...

We're pioneering a data-driven approach to bespoke uniform design, transforming the way that businesses can empower their teams.

A quality work uniform can increase productivity and support employee well-being, all while delivering a real return on investment. From concept to final stitch, our Science of Uniform<sup>®</sup> process supports our clients at every step.

### **The science behind achieving inspirational uniform...**

Our research in partnership with Coventry University has revealed that there are over 240 aspects to 'get right' to maximise your return on investment. Our 3 step strategy includes:

#### **1. Discover Your Work Smarter<sup>®</sup>**

What's the number one metric that allows your employees to be more productive.

#### **2. Design a Uniform Strategy**

A unique design, engineered to improve your productivity measure.

#### **3. Deliver Results**

Seamless rollout of your bespoke solution with the peace of mind, the results are guaranteed.

### **It Doesn't Stop There...**

We build long-term partnerships. That means continuous improvement and creating ongoing value via the Murray Lab.

### **Did you say, Guaranteed?!**

Yes, that's right, there is a science to getting uniform right, and we've identified it and researched it in partnership with Coventry University.

We're so confident in the process we've built, that we'll guarantee the results.

## PRODUCT RANGE AND SERVICES

Our clients enjoy long-term, mutually beneficial partnerships and with clients in all regions globally, Murray is trusted by some of the biggest household brands.

Our clients are those companies who invest in their brand and colleagues to stand out from the crowd, deliver exceptional services to the highest standards in their field.

### COMPANY BIO

For more than three decades, we have been a trusted production partner delivering complete interior solutions for the hospitality sector. With an integrated facility combining metalwork, joinery, furniture manufacturing, and interior fit-out capabilities, we transform architectural concepts into exceptional, durable, and design-driven spaces.

Our strength lies in our ability to manage every stage of the process – from technical development and engineering to material selection, prototyping, production, and on-site installation. This end-to-end control ensures consistency, precision, and seamless coordination across even the most complex hotel projects.

We have extensive experience working on premium hospitality environments, including guestroom interiors, lobbies, lounges, bars, restaurants, spa areas, conference zones, and custom architectural elements. With a deep understanding of international hotel standards, operational flows, and brand requirements, we deliver interiors that combine functionality, elegance, and long-term performance.

Our multidisciplinary teams of engineers, designers, and craftsmen work across a wide portfolio of materials such as metal, wood, composite surfaces, and bespoke finishes. This allows us to create integrated, custom-made solutions that elevate both the aesthetic and operational value of a property. Sustainability is embedded in our approach – from responsible material sourcing to efficient production planning, recycling practices, and long-lasting design principles that support the circular economy. We operate under internationally recognized certifications, ensuring reliability, quality assurance, and full transparency in every project stage.

With a proven track record of delivering large-scale hospitality projects for global brands, we serve as a strategic partner capable of aligning with hotel operators, development teams, and architectural studios worldwide. Our goal is simple: to bring ambitious concepts to life with precision, creativity, and absolute commitment to excellence.

### PRODUCT RANGE AND SERVICES

NIKI Ltd. and Lignater Ltd. provide complete metal and wood solutions for hospitality, retail, and commercial interiors. Our range includes bars, lounges, kitchens, furniture, decorative elements, and full interior fit-outs. We offer design, engineering, prototyping, production, assembly, and installation, working with steel, brass, MDF, plywood, solid wood, HPL, acrylic, glass, and solid surfaces. Certified ISO and FSC, we combine precision, craftsmanship, and sustainability to deliver high-quality, custom, and large-scale projects for global brands.

### PRODUCT CATEGORY

- Custom manufacturing for the hospitality and commercial sectors, including bars, common areas, kitchen equipment, and interior furnishings. Comprehensive metal and wood production solutions combining precision engineering, craftsmanship, and modern design. Products include structural metalwork, bespoke furniture, decorative elements, and complete interior installations for hotels, restaurants, retail spaces, and public areas.

## COMPANY BIO

OZNAKA d.o.o. is a family run company specializing in hospitality signage and visual communication solutions. Founded in 2005, the company consults, designs, produces, and installs interior and exterior signage systems – including architectural signage, way-finding, illuminated totems, 3D lettering, and surface graphics made from materials such as glass, acrylic, aluminium, and stainless steel.

With more than three decades of combined experience and a family-run tradition, OZNAKA combines craftsmanship, innovation, and design expertise to deliver high-quality, tailor-made solutions for hotels, offices, hospitals, public institutions, and commercial spaces. The company provides complete, “turn-key” services – from concept and design to production and on-site installation – ensuring each project reflects both the client’s brand and the space’s function.

OZNAKA is known for its reliability, precision, and commitment to aesthetic and functional excellence. Its approach focuses on long-lasting materials, modern technology, and a personal touch in every collaboration. Through consistent quality and professionalism, OZNAKA has established itself as one of your trusted partners in architectural and environmental signage.

## PRODUCT RANGE AND SERVICES

We provide complete turn key signage and visual communication solutions for your hospitality interior and exterior spaces. Our product range includes all kind of signage and way-finding elements. The company offers end-to-end services - from consultation and design to production and installation - ensuring each project is functional, durable, and visually aligned with the client’s brand. Using high-quality materials and modern technology, OZNAKA delivers tailor-made signage that combines aesthetics, clarity, and long-lasting performance.

## **COMPANY BIO**

### SUSTAINABLE FLOOR CARE FOR EUROPE'S FINEST HOTELS

Paul Geißler GmbH is Europe's leading specialist in sustainable premium floor care for luxury hotels, cruise ships, and high-end hospitality environments. We have pioneered a revolutionary approach to carpet and textile maintenance that transforms how luxury properties preserve their most valuable interior assets.

### OUR INNOVATION: TEP-TOP-Clean®

- 96% less water consumption compared to traditional methods
- Chemical-free process – completely odourless and noiseless
- Immediate walkability – carpets are ready for guest use directly after cleaning
- Zero impact on indoor air quality – crucial for guest health and comfort
- ESG and EU Green Deal ready since 1971

### WHY THIS MATTERS FOR HOTELS

Carpets and premium flooring represent one of the largest capital investments in hotel interiors. Yet traditional cleaning methods accelerate deterioration, forcing premature replacement that costs properties hundreds of thousands of euros.

Our approach focuses on asset preservation and ROI maximization. By extending the lifespan of your carpets and textiles by years, we protect your investment while maintaining the impeccable standards your guests expect.

### THE PAUL GEISSLER DIFFERENCE

We understand that in luxury hospitality, downtime is not an option and quality is non-negotiable. We work seamlessly around your guest experience, delivering exceptional results without disruption.

## **PRODUCT RANGE AND SERVICES**

### Our Services - Premium Cleaning Solutions for Luxury Hospitality

Paul Geißler GmbH specializes in high-end cleaning solutions for luxury hotels, cruise ships, and premium properties across Europe. We don't just clean – we preserve value, extend asset lifespans, and deliver measurable ESG data for your sustainability reporting.

### Carpet Cleaning (Tep-Top-Clean® System)

Our flagship service – the industry standard for sustainable carpet care. We are also experts in Upholstery Cleaning, Artificial Teak Deck Cleaning, Stone Floor Cleaning.

All services follow the same philosophy: value preservation, minimal environmental impact, and measurable results.

## **PRODUCT CATEGORY**

- 🕒 Revolutionary carpet care. 96% less water, zero downtime.

### COMPANY BIO

We make everywhere feel like home

In 2012, SOFACOMPANY set out to challenge the furniture industry by making unique hand-built Danish design at available to everyone. We believe that everyone deserves to feel comfortable in beautiful furniture. We set up a new business model, carefully handling all steps of the process making us able to deliver our products directly to the customer. A unique concept that removes all non-value-adding links from the supply chain - making it possible to offer high-quality design at fair prices.

Our strategy furthermore enables us to provide customizations for all consumers - and full-on tailor-made solutions for professionals in collaboration with our talented in-house design team.

Online might be our thing but seeing is believing when it comes to design. Which is why we have 36 beautifully designed showrooms in cities around the world for you to visit and get inspired.

In our opinion that's the best way to not only display our hand-built designs but meet our customers face-to-face as well.

### PRODUCT RANGE AND SERVICES

Looking for something different? You've come to the right place.

At SOFACOMPANY, thinking differently is part of our DNA, so whether bringing completely new ideas to the table or just looking for a light tweak - we'll make it happen.

**COMPANY BIO**

Stadre is a company with 17 years of experience operating throughout Europe. We specialize in the production of high-quality, tailor-made furniture for the hospitality and maritime sectors. We execute both standard contract projects and custom, non-typical installations.

We focus on the design, production, and installation of complete furniture solutions, perfectly tailored to the specific needs and layout of every space.

Sectors Served:

- Hospitality: Hotel rooms, common areas, restaurants.
- Maritime sector (on vessels): Crew and cabin areas, messroom, and lounge.

Key Offer Differentiators:

- Design: Furniture is designed using CAD/CAM software for guaranteed precision, allowing the investor to review every detail.
- Quality & Technology: We use advanced digital technologies and high-quality materials from reputable European manufacturers (e.g., Egger, Pfleiderer, Hettich, Blum).
- Certificates: All materials are appropriately certified for their intended use, including P3 moisture resistance, PUR waterproof board edging, IMO MED certificates (for marine furniture), fire resistance, and antibacterial boards.
- Cooperation Process: Includes a detailed, free consultation and quotation, individual project preparation (with material selection), and professional execution and installation.
- Cost Optimization: We offer solutions that reduce production costs without compromising quality and standard.

Stadre guarantees unique design and the highest quality of workmanship.

**PRODUCT RANGE AND SERVICES**

Furniture for the Hospitality Sector:

- Hotel rooms: according to your design, our design, or ready-made system.
- Furniture and built-in elements for common areas: we carry out individual projects, i.e., reception desks/counters, built-ins, etc.
- Restaurant furniture: tables, built-in elements, and breakfast tables.

Furniture for the Marine Sector:

- Crew and cabin: beds, wardrobes, desks.
- Messroom: tables, chairs.
- Lounge: built-in elements.

Service Description:

- Design
- Technical documentation
- Project organization
- Manufacturing/Execution and material supply
- Supervision
- Warranty service

## COMPANY BIO

TKHS is the market leader in providing turnkey logistics services for the luxury hospitality industry. The company specialises purely in catering to the challenging and dynamic pre- and post-opening needs of the hospitality industry. TKHS's offer a niche area of hospitality logistics, having delivered over 50,000 hotel rooms over its 10 year lifespan. The TKHS team understand intimately the requirements and needs of such high-end construction projects and have built a mobile team and strategic infrastructure to support the needs of such projects in a flexible, efficient and cost effective manner as required, customizes the needs based on the projects demands.

TKHS also provides green refurbishment services for hotel remodels and refresh programmes. This includes recycling and reuse of used FF&E and OS&E items providing hotel operators with an environmentally friendly and sustainable solution for such projects. The company has handled pre-opening projects worldwide, many of which have been fast-track, landmark projects. Notable past pre-opening projects include Four Seasons Jeddah, City of Dreams Mediterranean Cyprus, Liwa Desert Resort UAE, MGM COTAI Macau, Crown Sydney, Ritz-Carlton Maldives, Sheraton Mactan Cebu, Marriott Clark, JW Marriott Singapore, Capella Sydney, Sheraton Hotel Stockholm, and Hilton Azores

## PRODUCT RANGE AND SERVICES

The company's pre-opening logistics services are specialized specifically around the handling of Fit-Out Materials, FF&E and OS&E as follows:

- Overall logistics project management
- Quality inspections
- End to end freight management
- Customs clearance management
- Local warehousing operations and management
- Mobile warehousing on site solutions
- OS&E pre-kitting/pick and pack
- Room in a box
- Turnkey installation services
- End to end item labelling and tracking through to installation
- Asset registry

**Website**

www.tropicalmountains.com

## COMPANY BIO

Tropical Mountains began in 2012 as a small farm a 12-hour drive away from Lima, Peru. Gisella Iriarte and Thomas Schwegler, from Peru and Switzerland respectively, dreamed of organic and fair-trade coffee – traceable from the bean in the tropical highlands to the fragrant cup at home. In the meantime, gourmet coffees from all over the world have been added to our range. And as Tropical Mountains evolves, we rely on our roots: organic farming, direct and fair trade and sustainable packaging. We are a member of the World Fair Trade Organization (WFTO), support local schools and fund charitable projects. Respect makes better-tasting coffee. Respect for our employees, for the coffee plant and for nature as a whole. That's why we also offset the CO2 emissions from our value chain. Our family grows – but our values remain.

## PRODUCT RANGE AND SERVICES

The coffee is grown organically and fairly in order to protect both the environment and the coffee farmers. After harvesting, the beans are gently roasted in Switzerland to develop their full aroma.

What makes us special What makes Tropical Mountains Coffee special is the combination of tradition and innovation.

The company attaches great importance to quality, sustainability and transparency. Every step - from cultivation to cup - is carefully monitored to guarantee a unique taste experience.

In addition to bean and ground coffee, Tropical Mountains also offers Nespresso-compatible capsules that are fully compostable. The packaging of the capsules is also biodegradable.

Instant coffee (2g single serving) in home compostable foil (global innovation - first in the world)

## COMPANY BIO

Verdant by Copeland is a leading energy management solution, trusted by over 9,000 hotels, multifamily buildings, and commercial properties worldwide. It helps properties significantly reduce energy costs, meet sustainability goals, and maintain guest comfort.

Using occupancy-sensing technology, Verdant optimizes HVAC runtimes—cutting them by up to 45%. Its proprietary radio frequency system works without Wi-Fi, avoiding invasive installations like wall-breaking or rewiring. This ensures a rapid return on investment within 12-24 months.

As regulations across Europe grow stricter on carbon emissions, Verdant supports hotels in aligning with national and EU-wide sustainability targets. It simplifies compliance and reporting while optimizing energy performance.

Verdant also contributes toward green building certifications like BREEAM and LEED, which drive operational efficiency, reduce utility costs, and boost property value and guest appeal.

Equipped with smart thermostats and real-time occupancy detection, Verdant ensures optimal comfort while minimizing energy waste. Its data-driven insights further enhance decision-making and performance tracking.

## PRODUCT RANGE AND SERVICES

Verdant offers a complete suite of energy efficiency solutions that integrate seamlessly with existing property systems:

- **Smart Thermostats:** Occupancy-based thermostats that automatically adjust room temperature to optimize comfort. Our system intelligently reduces HVAC runtime by up to 45% while rooms are unoccupied, minimizing costs, and environmental impact.
- **Energy Management Software:** A cloud-based platform offering real-time monitoring, analytics, and remote control of thermostats across properties.
- **Integration & Automation:** Compatible with most HVAC systems and major Property Management Systems (PMS) for streamlined operations.
- **Support & Training:** End-to-end project support

## PRODUCT CATEGORY

- ① Energy management solutions, smart thermostats (wired & wireless) with integrated occupancy sensors, cloud-based control & analytics software

### COMPANY BIO

Wall/Pepper is an Italian brand specialising in the creation of eco-friendly, customisable, and high-quality wallpaper. Founded in Milan in 2014, it has its roots in the world of photography, Fine-art printing, and a passion for high-resolution images.

A two-time winner of the Archiproducts Design Awards (2022,2024), Wall/Pepper's design solutions stand out for their visual and technical excellence, earning recognition in numerous international projects. From private living rooms to the United Nations' Sala XIX, the brand transform spaces, bringing personality and style to all kinds of environments, both in Italy and abroad.

Thanks to the selection of materials, Wall/Pepper offers the opportunity to decorate even damp environments and spaces in contact with water, such as bathrooms, kitchens and outdoor spaces.

Over more than 10 years of activity, Wall/Pepper has created over 1,000 unique designs. Each wallpaper can be customised in colour and composition to best suit every project. Custom and personalised designs are also available through the brand's Contract solutions, enabling truly unique results.

From design conception to printing and kit delivery, every stage of the production process (100% Made in Italy) is carried out with meticulous attention, ensuring high-quality wallpapers made with full respect for the planet. The brand's green spirit is reflected not only in the careful selection of materials but also in production methods, all aligned with sustainability.
