CARE ENGLAND

Representing independent care providers

Care England is the leading representative body for Care providers in England. We strive to work collaboratively with the Care Sector and Government to implement the foundations of a sustainable future for adult social care that will be for the benefit of all citizens and the economy.

It is **Care England's** vision and aim to unite the Care Sector so we can work together for the benefit of all.

We want to offer the Care Sector as many opportunities as possible to get together, both on a professional & social level, to network, meet, communicate and share ideas. Care England is very excited about 2024 as we have launched some fantastic events for our members and non-members to participate in.
