COMPANY BIO

Care Plus Homes is a family-owned business with Homes across Lincolnshire and North Lincolnshire. There are a total of 200 bed-spaces and 2 Domiciliary Agency offices.

Our motto is being "There to Care" and the company ethos is "It's not enough to have added years to life..."

Our objective must be to add more life to those years". Our staff strive to be the extended family of the residents and ensure that the homely feel of the care home is maintained.

The care aim is to always encourage as much independence as possible whilst ensuring dignity and respect. We provide Nursing, Residential and Dementia care for adults and elderly clients -both respite and permanent. Three of the elderly Homes have a separate dementia unit for a safe and secure environment for the residents. 4 of our Homes have substantial land with a potential to expand. At 2 Homes we have obtained planning permission for additional rooms. All Homes have a Good in all 5 CQC categories. They have all obtained commendations from the local authorities with respect to the Quality Assurance systems that are in place. All Homes have the Investors in People award.

COMPANY BIO

Encompass Care is a Not-For-Profit Charity supporting people with learning disabilities and those facing a period of mental ill health. We have been making a difference in the lives of individuals in the South West for nearly 30 years.

We exist to enable and empower people to live their best lives. We understand that every person is unique and we pride ourselves on providing tailored, individualised support

Through our work, people we support can achieve true independence, positive wellbeing and self-worth. We will work with people every step of the way to create a support plan that's centred around them. They are in control of their own lives and we will be there for as long as we are needed.

We ensure that the people we support are involved in every aspect of their support journey. Working together to co-produce outcomes.

Our effective quality monitoring systems enable our services across Dorset to offer the best possible support and identify where we can improve - something we're very proud of.

CURRENT OR FUTURE PROJECTS

Our Residential and Respite Services require a refreshing transformation, with a focus on refurbishing the rest and renewal space. The buildings need a makeover with fresh decor and new furniture, creating a welcoming atmosphere.

Encompass Care is thrilled to introduce "Sitting Together," crafting wheelchair-accessible picnic benches to foster an inclusive community. The goal is to provide a barrier-free space for individuals of all abilities to share meals and enjoy each other's company. Everyone deserves a seat at the table.

Additionally, we're exploring a new Payroll and Time Attendance platform, reflecting our commitment to technological efficiency.

COMPANY BIO

We operate a residential care home and supported living care homes for adults with various forms of mental illnesses, including dual diagnosis and complex needs or LD, as well as those discharged on sections of the Mental health Act including sec 37/41.

Optimum Support offers individualized and flexible person-centered support to the service users, and we are fully committed to the safety, security, wellbeing of our service users and to promoting their independence and the staff are well trained and supported to carry out their roles efficiently.

Our services provide warm, supportive, safe, and homely environment for our service users and promotes positive therapeutic/clinical engagement with the multi-disciplinary teams, which support everyone.

This accommodation and support specification is a rehabilitative model which ensures very active support to the service users, equipping them with adequate independent living skills, to safely move to a lesser support accommodation, within a target time, while recognising that individuals differ in capacity and abilities. Positive risk taking is encouraged based on individual capacity.

COMPANY BIO

Proactive Life is a care provider that supports people across the UK with learning disabilities and / or mental health conditions and who have complex needs. We offer a supported living service where we work together so our people can achieve their goals in life. Those we help are our number one priority and respect and trust for them runs through every aspect of our work and approach.

Proactive Life Midlands has access to 36 self-contained flats that service users rent.

Service users' flats are within a complex of three blocks of flats on a main road in a residential area in Hockley.

The staff team that provides care and support to the service users, operates from an office base within the complex which provides a 24-hour presence of professional support.

COMPANY BIO

Purchasing Support Services command an extensive network of supply source, bringing together a critical combination of product availability with competitive pricing in a dynamic and efficient purchasing process. Our initiatives, applied across numerous trade and industry disciplines, result in benefits to our clients that are significant, constructive and accompanied by measurable financial rewards.

Innovative and focused, our service is frequently viewed as an additional resource within the client's own purchasing function.

Our clients (and potential clients) are busy people. Consequently certain non-customer facing functions occasionally fail to receive the priority they deserve. This is where Purchasing Support Services excel on behalf of our clients. As a true 'support' service, we supply our clients with that essential commodity.....TIME.

COMPANY BIO

Serene Care was setup as a “Boutique” Care Home operator to provide its residents with a serene, safe, warm and comfortable yet more personalised, stylish and intimate Home. It was born out of a strong, genuine desire and need to enhance and enrich the lives of people in need of care and support. It was created by a team that is passionate about providing residents with a future to look forward to.

Our goal is to meet our residents desire to live in smaller, more intimate “boutique” properties; with more independence, varied dining options suited to their dietary requirements, and stylish interior design with all the facilities and features to provide a comfortable and safe environment as frailties of age become a reality.

We genuinely want all our residents to view their new accommodation as a “Home away from Home” and to eventually realise our ultimate ambition to be recognised as the care home company that delivers the best personalised care in the UK.

COMPANY BIO

Dover House provides high quality affordable accommodation for people who need 24-hour nursing care, particularly those with dementia. We offer a home for life with Registered Nurses on hand to cater for the changing needs of individual residents.

It is critical that we serve our residents well and we seek to do this using the principles of Servant Leadership. This makes for a fulfilling working environment which in turn benefits our residents and their families and the care professionals we work with.

We believe it is important to understand each resident's past and present relationships to others and to empower them to talk about their memories and give them a chance to contribute and feel involved. We pride ourselves on providing Relationship Centred Care which puts each resident at the heart of a mutually beneficial relationship between their family and friends, our staff and healthcare professionals.
